

Door/Window Sensor

*Universal, Z-Wave
compatible reed sensor*

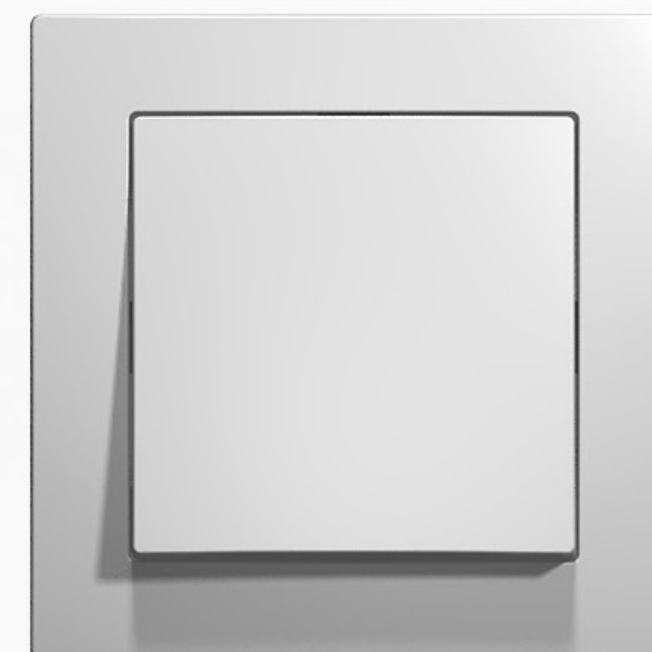

Universal Sensor

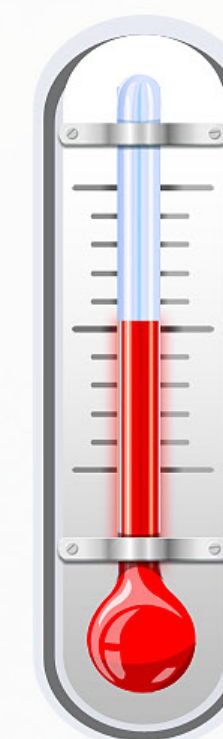

Fibaro Door / Window Sensor combines the functionality of the 3 devices:

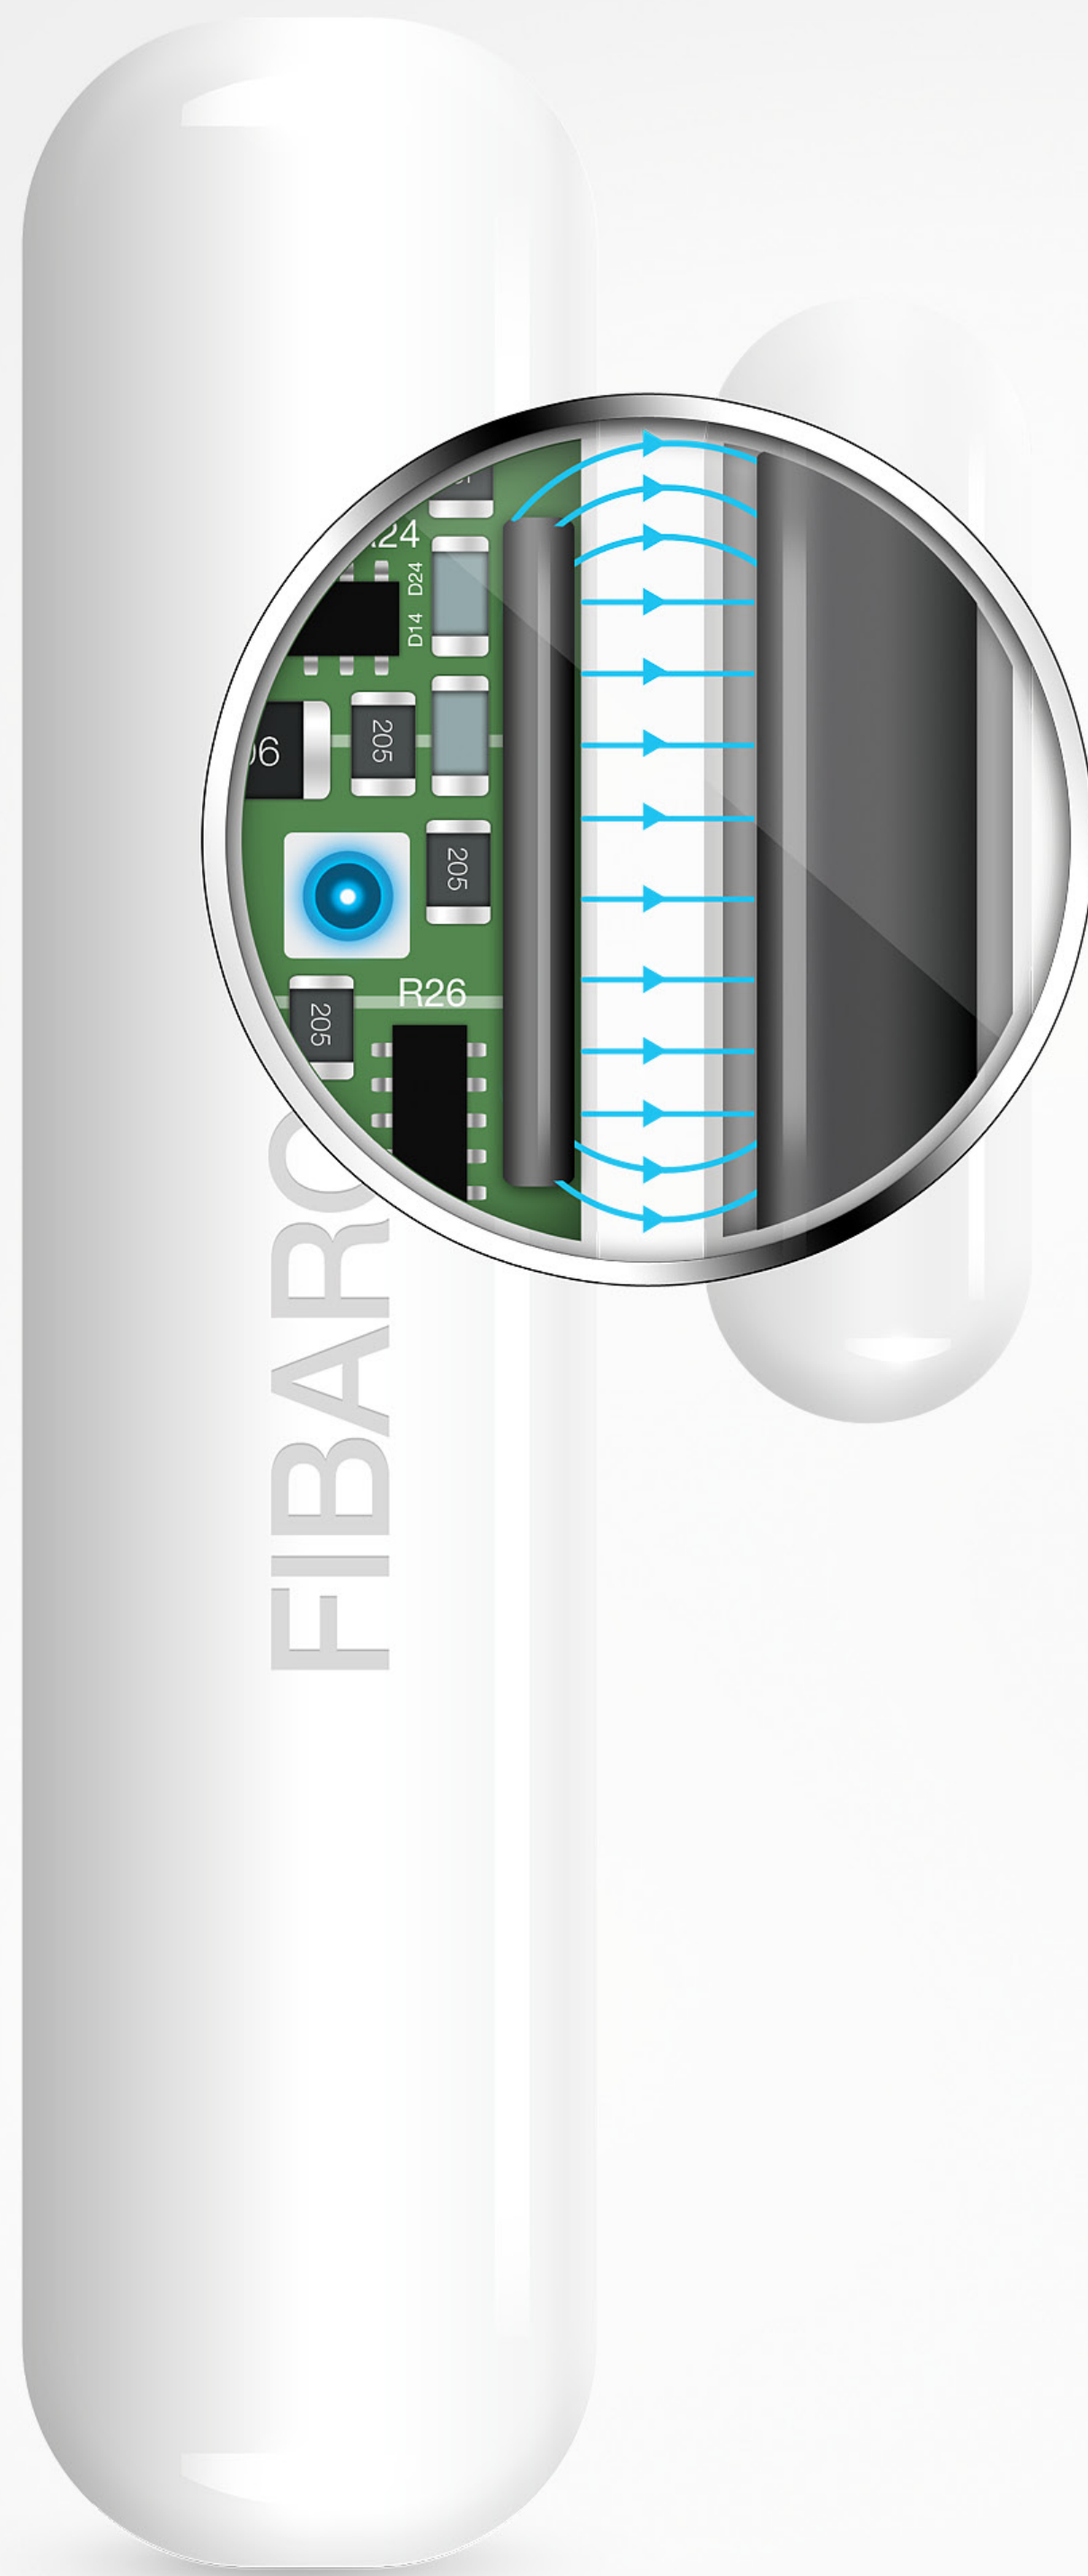

Reed
Sensor

Binary Input
Sensor

Temperature
Sensor

Reed Sensor

Easily mounted on doors, windows, garage doors, gates, roller blinds, closets, etc.
Used for monitoring opening / closing.

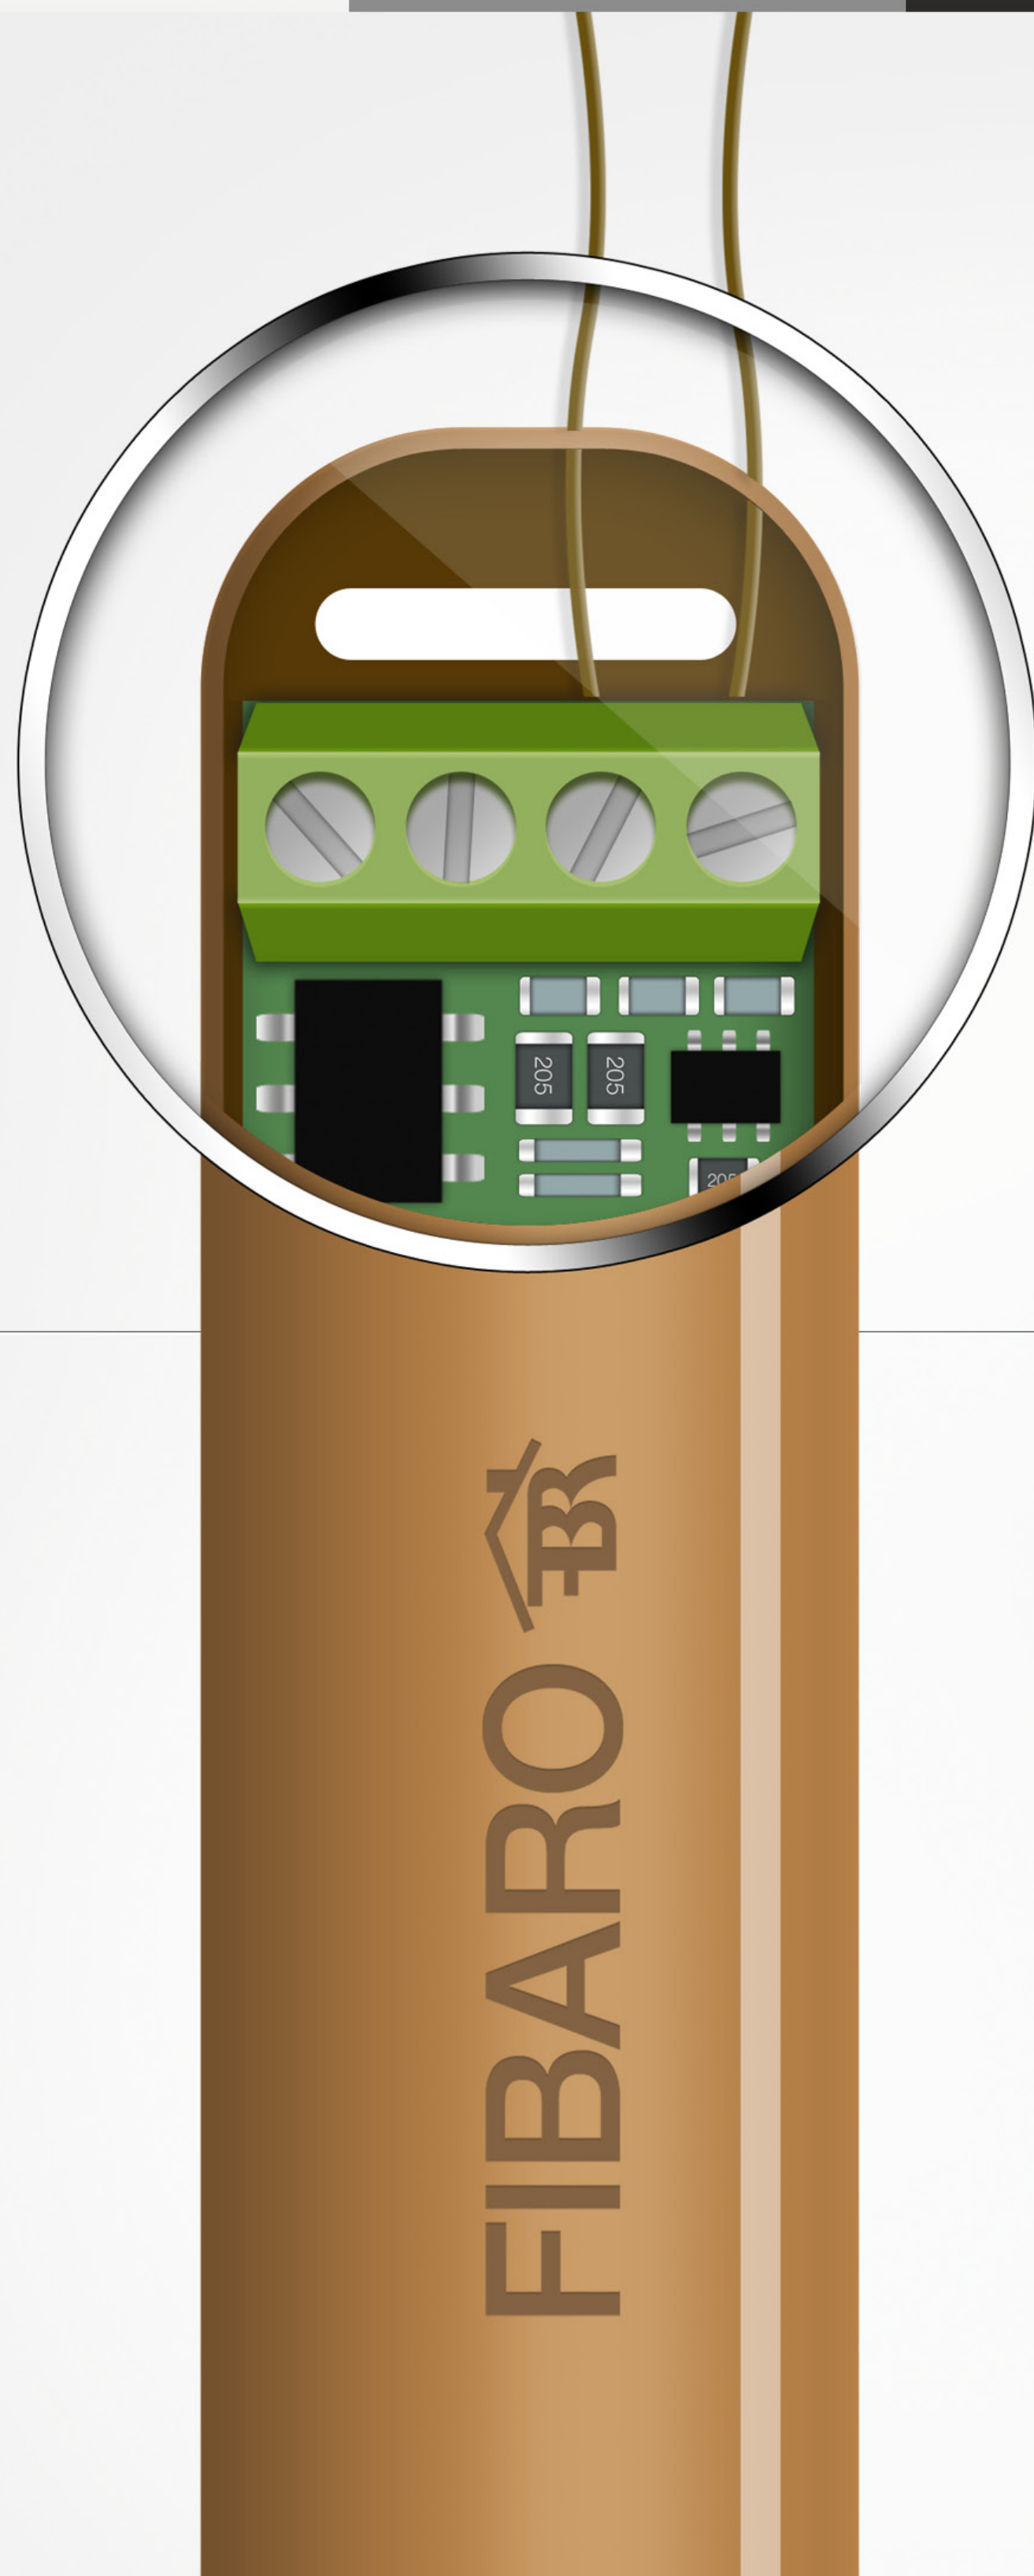

windows

garage doors

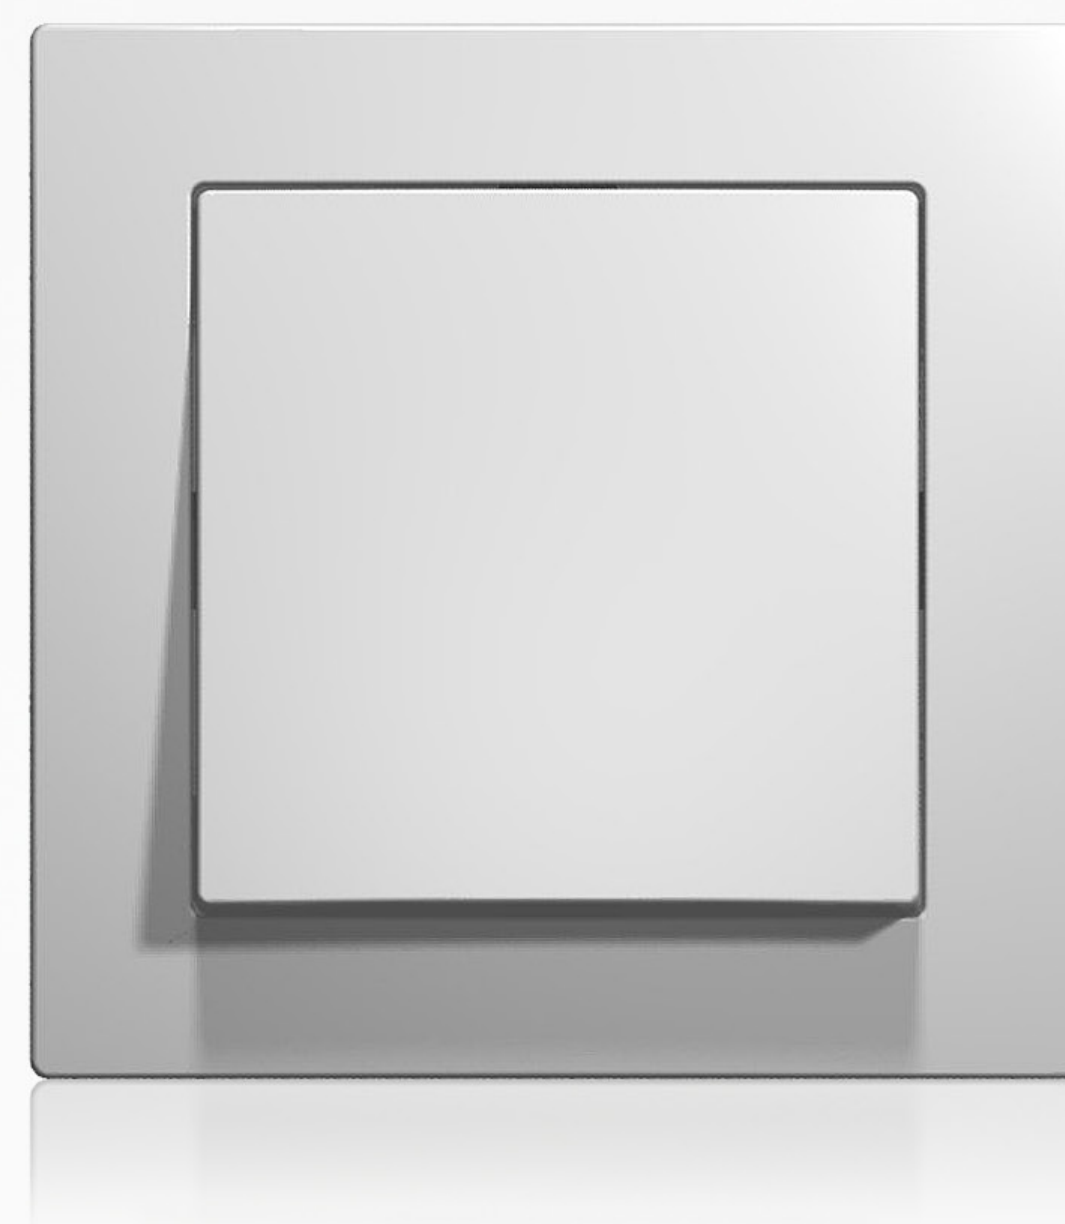

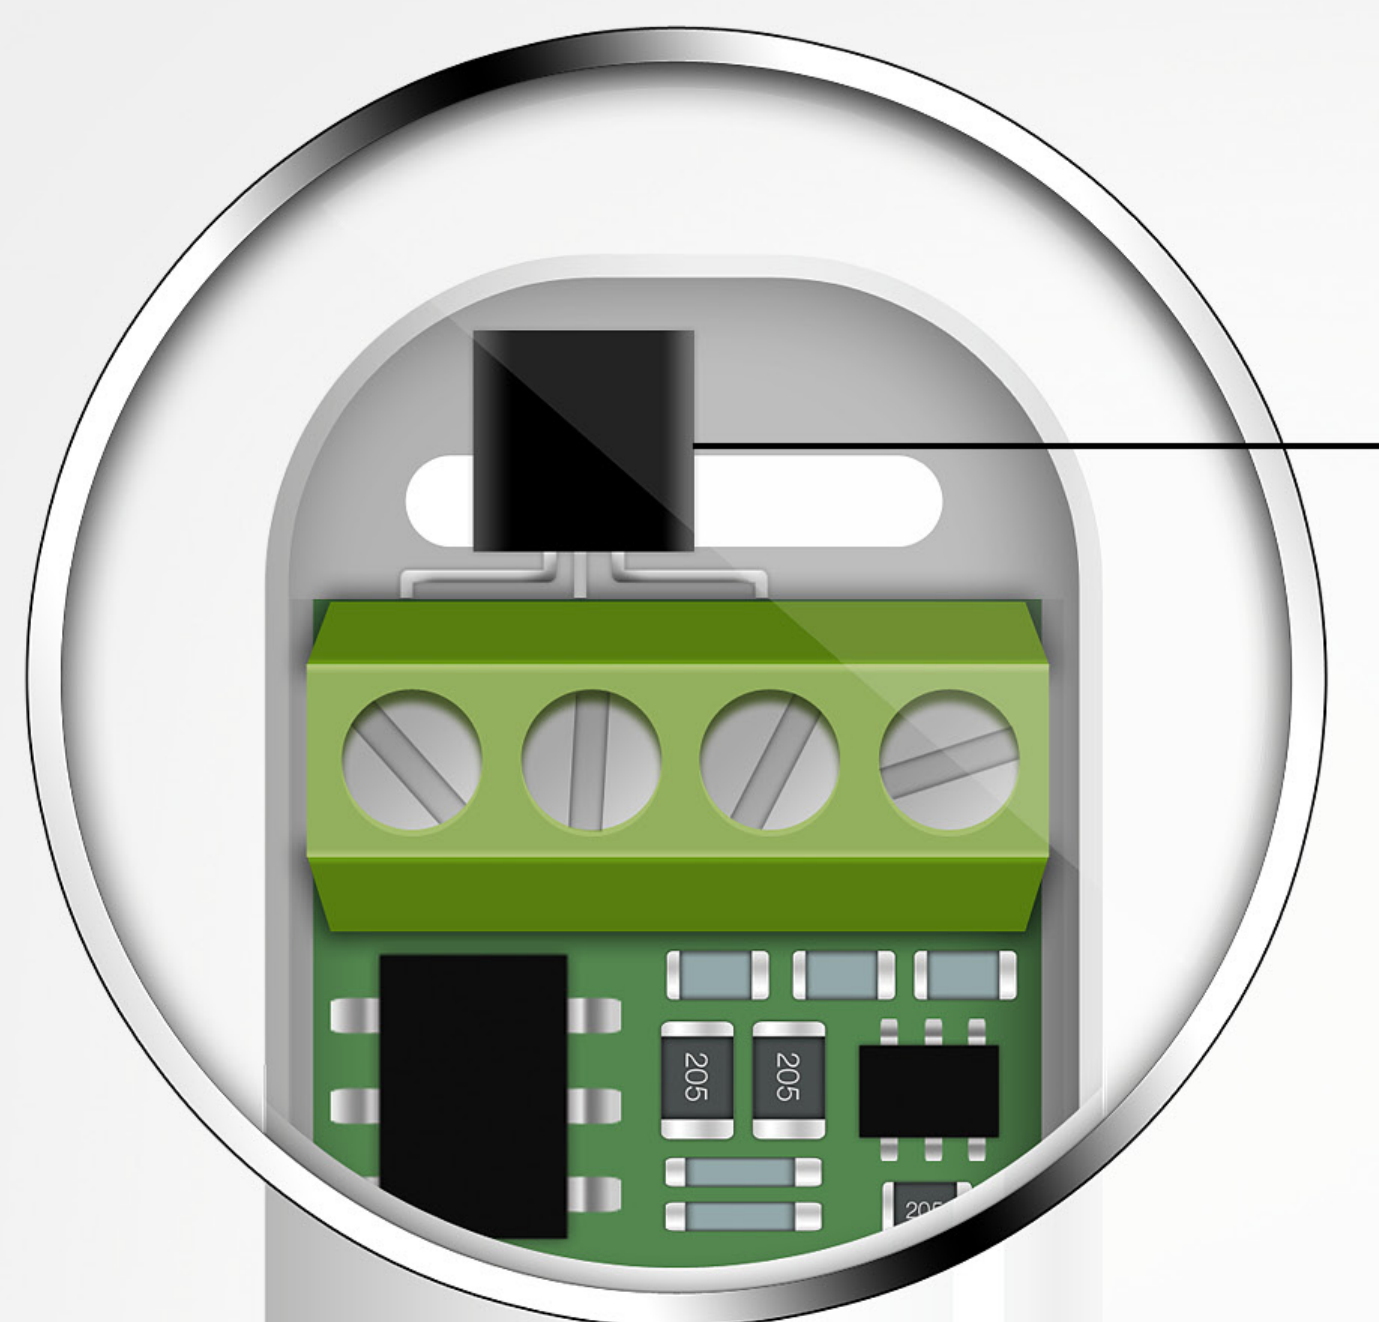

gates

Binary Sensor

Integrate any binary output sensor with the Z-Wave network using Fibaro Door / Window Sensor. You can integrate motion sensors, flood sensors, alarm system sensors, etc.

Wireless Temperature Sensor

Control the temperature anywhere in the home. Fibaro Door / Window Sensor measures the temperature via a connected DS18B20* sensor.

21,25°C

two decimal places

*DS18B20 sensor sold separately

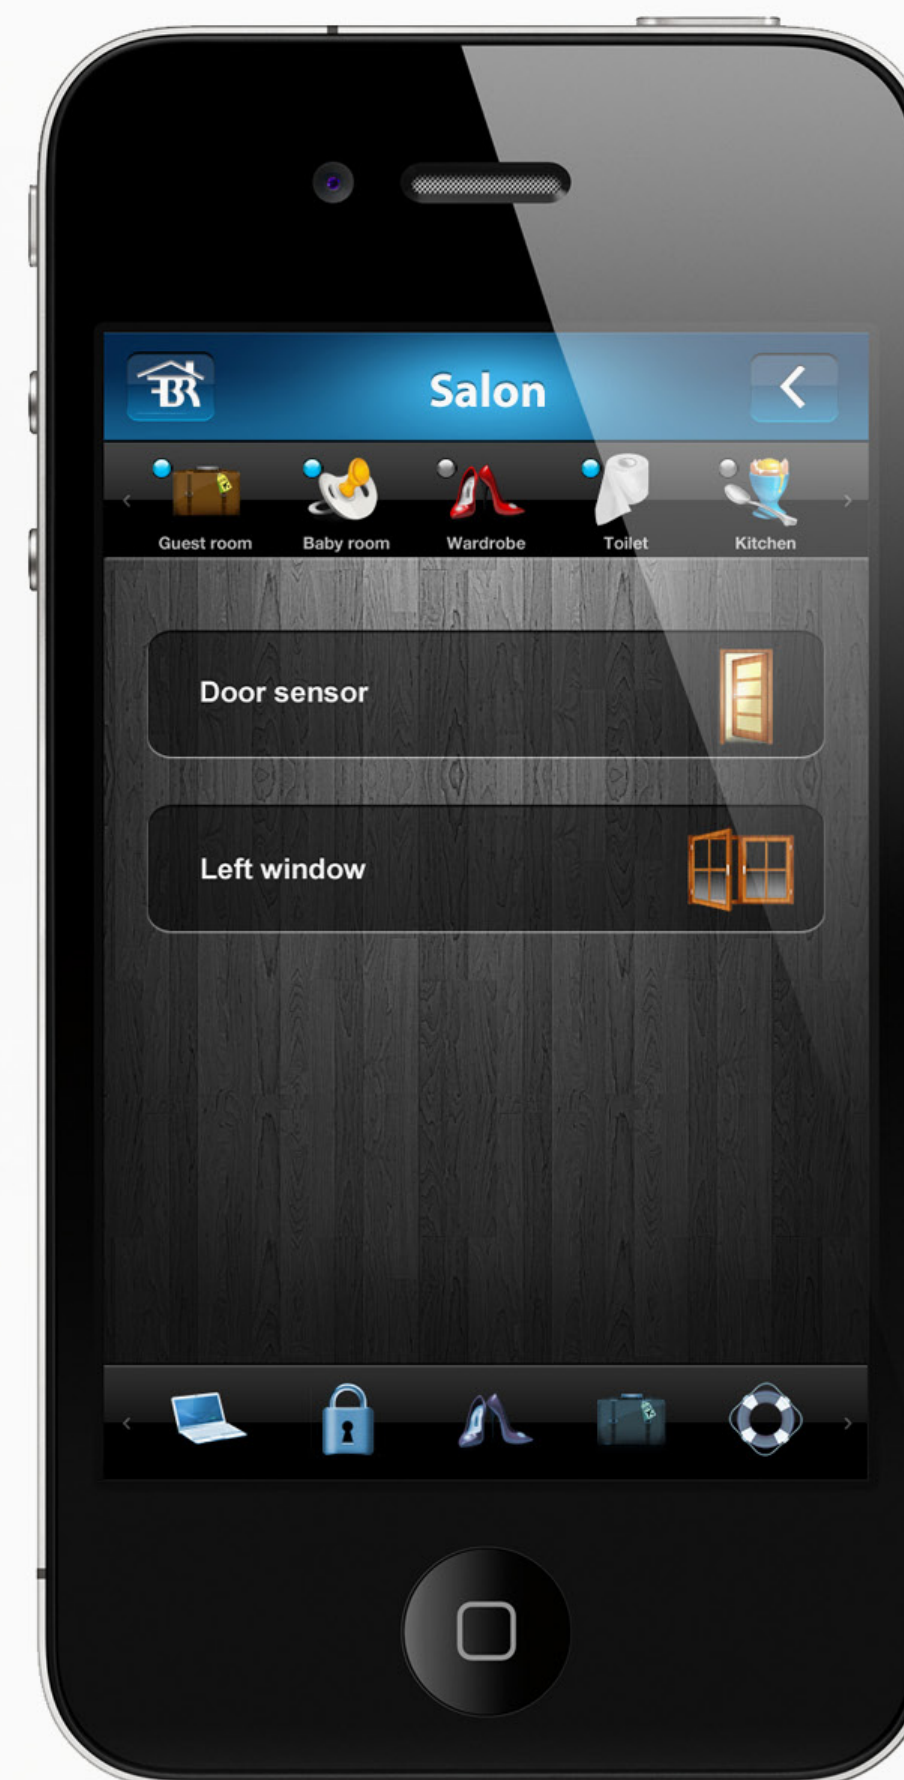

Fast and Easy Installation

May be installed anywhere in the house, thanks to the wireless Z-Wave network communication. **Battery powered** – does not require any wires.

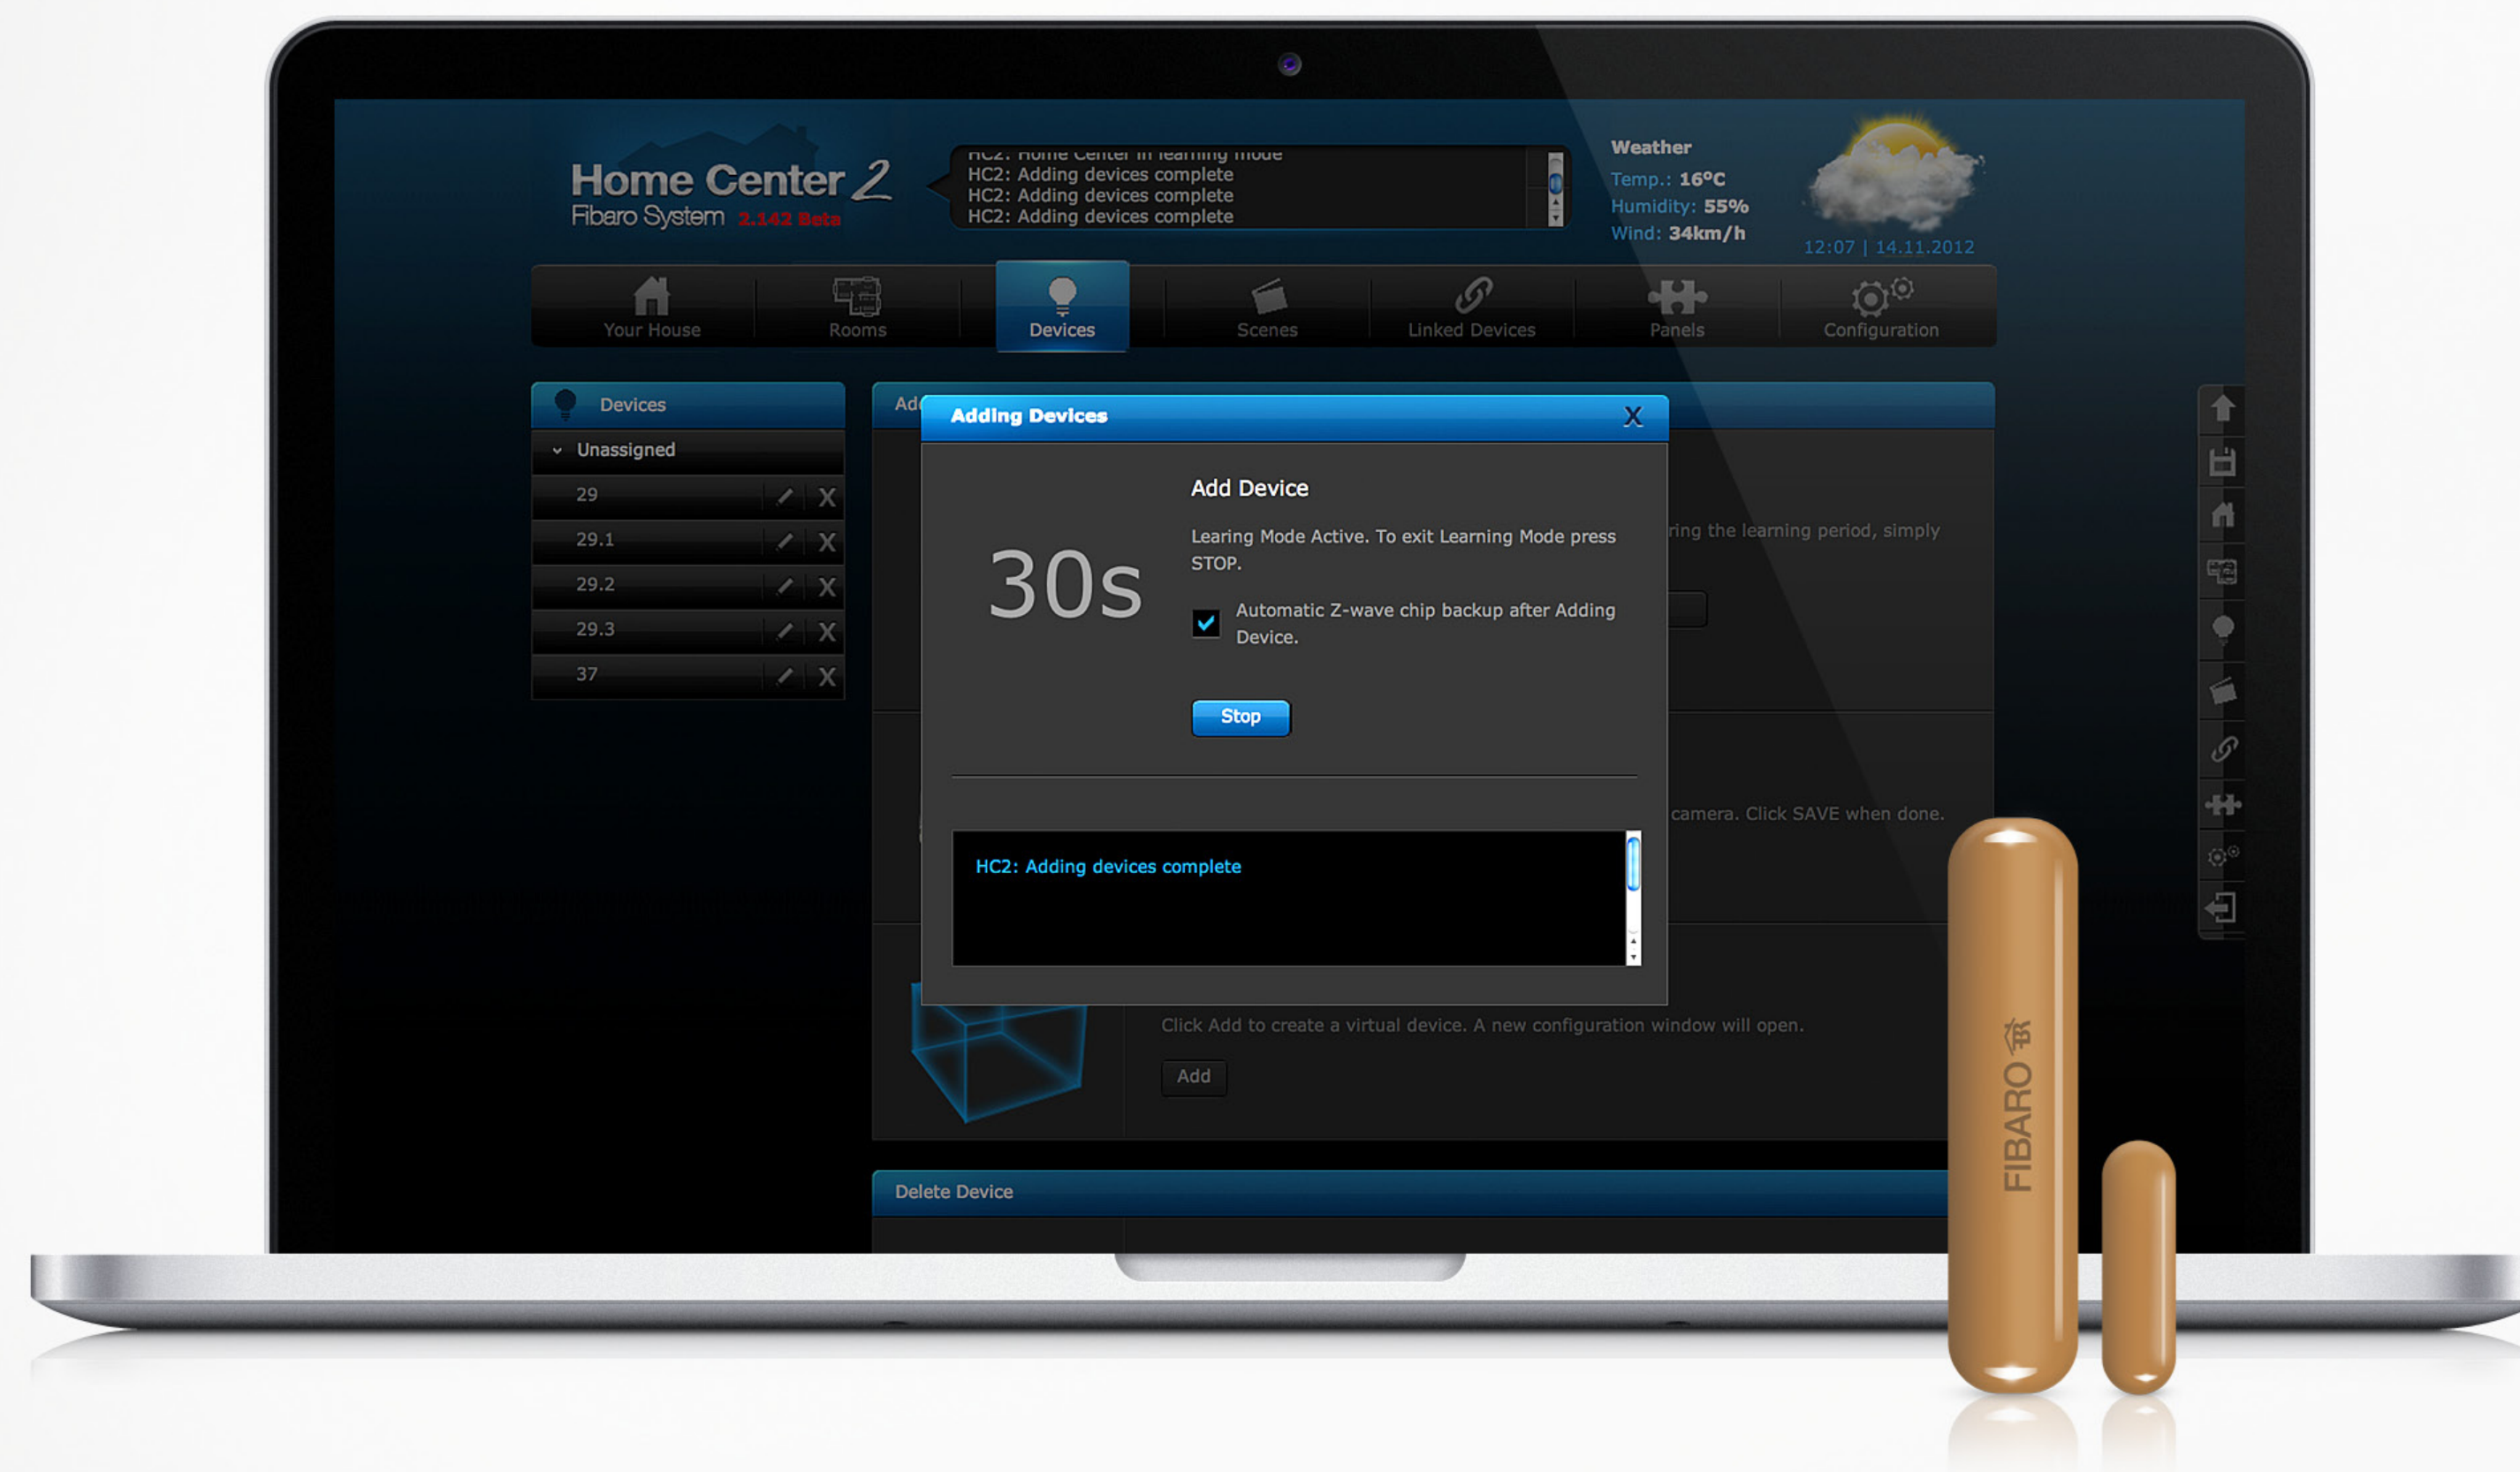

Extremely Compact

Fits anywhere thanks to small outside dimensions:
just **76mm x 17mm x 19mm** (L x W x H).

Intuitive

Adds to the Z-Wave network just like any other Fibaro product – set the Home Center 2 into the Learn Mode and push the service button quickly 3 times. Fibaro Door / Window Sensor is ready to operate.

Wireless Update

Door / Window Sensor is prepared for wireless software update.*

85% **Update** in progress
Downloading new firmware

*Wireless update will be supported in Home Center 2 in new software version 3.xx and newer

Customized

Choose one of the seven colours available to best match Your interior design.

Door / Window Sensor

Versatile – combines the functionality of the 3 devices (reed, binary, temperature sensors) in one easy to use product.

User friendly – installed anywhere using double sided adhesive tape, ads to the Z-Wave network just like any other Fibaro device.

Pleasant to look at – available in 7 different colours. No more ugly plastic bits on Your window or door frames. Now You can choose the best matching colour to suit Your taste.
